Graph of Percent of Total Population for Places of 5,000 or more in South Carolina.....64	

INTRODUCTION

Incorporated places recognized in the reports of the census are those which are incorporated under the laws of their respective states as cities, boroughs, towns and villages. This profile focuses on incorporated places in South Carolina of 5,000 persons or more.

In 1982, 29 percent of South Carolina's population lived in places of 5,000 or more. Since 1900, the number of places of 5,000 or more has increased from 8 to 52, and the population, from 122,000 to 907,000, as shown below:

YEAR	NUMBER	POPULATION	% OF TOT. POP.
1900	8	122,226	9.1
1920	14	229,751	13.6
1940	24	378,274	19.9
1960	42	663,975	27.9
1980	53	880,920	28.2
1982	52	907,492	29.1

The following profile offers a variety of social and economic data on cities and towns in South Carolina over 5,000 population. The profile is based on the following U.S. Bureau of the Census reports:

Current Population Reports, 1982 Population Estimates and 1981 Per Capita Income Estimates for Counties and Incorporated Places: South Carolina, Series P-26, No. 82-40-SC, September 1984.

1980 Census of Population and Housing, Summary Characteristics for Governmental Units and Standard Metropolitan Statistical Areas: South Carolina, PHC80-3-42, September 1982, Tables 1, 2, 3 and 4.

1980 Census of Population and Housing, General Social and Economic Characteristics: South Carolina, PC80-1-C47, June 1983, Tables 125, 161 and 168.

1980 Census of Population and Housing, General Housing Characteristics: South Carolina, HC80-1-A42, August 1982, Table 1.

1980 Census of Population and Housing, Summary Tape File 1A: South Carolina, March 1981, Table 11.

1980 Census of Population and Housing, Summary Tape File 3A: South Carolina, February 1983, Tables 1, 4, 9, 10, 11, 12, 15, 16/17, 26, 48/49, 55/56, 66, 67, 68/69/70, 73/74/77PT, 84/85, 86, and 97.

NOTE

Some minor discrepancies may appear between the same data items presented in the summary tables and in the individual city profiles in this report. Such discrepancies are due to Census Bureau sources, which are released on a flow basis, and the Bureau's corrections procedures. Population and housing unit counts may be superseded by corrections notes, but the corrections notes do not include changes to characteristics (for example, race or income) of the affected populations. Therefore, where social and economic characteristics are shown, original 1980 census figures have been maintained.

RANK AND POPULATION OF INCORPORATED PLACES OF 5,000 OR MORE IN 1982

Incorporated Place	County	1982 Rank	July 1, 1982 Estimate	April 1, 1980 Census	April 1, 1970 Census
Columbia city	Richland	1	101,457	101,208	113,542
